Yu.A. Corol	Deputy-chairman, deputy-chairman of the Committee on nature management and ecology of SOSPP
V.L. Yakovlev	Deputy-chairman, Counsellor of RAS; corresponding member
N.Yu. Antoninova	The head of the laboratory of mining production ecology; candidate of technical sciences
N.S. Buktuckov	The director of the D.A. Kunaev Institute of Mining; corresponding member of NAS, RK
V.D. Bogdanov	Deputy-director of the IPAE, UB RAS; Dr. of technical sciences
N.V. Grevtzev	The dean of engineering and economic faculty, USMU; Dr. of technical sciences
A.Yu. Eremin	Deputy-minister of the Sverdlovsk region natural resources and ecology
M.V. Jukovsky	The director of the Institute of industrial ecology, UB RAS; Dr. of technical sciences
A.N. Medvedev	Scientific secretary of the Institute of industrial ecology, UB RAS; Dr. of technical sciences
M.A. Pashkevich	The head of geo-ecology department of Natural raw material university "Mining"; Dr. of technical sciences
A.V. Hokhryakov	The head of USMU department of engineering ecology; Dr. of technical sciences
S.A. Shavnin	The director of the Botanical gardens, UB RAS; Dr. of botanical sciences

The conference is supported by the Ural Branch of the AGN, the mining association of the Urals, the Ural State Mining University, etc.

Dear colleagues!

We invite you to take part in the first scientific-practical conference with international participation "Technology platform" Solid minerals": technological and ecologic problems of natural and man-made deposits development," which will be held within the framework of the V Ural Mining-Industrial Forum

The objectives of the conference:

- 1) Analysis of the situation in providing environmental safety during natural and man-made materials mining;
- 2) Assessment of the RAS institutes, universities, specialized institutes and enterprises areas of fundamental and applied scientific researches solving the problems of conservation and restoration the environment, working out best available technologies of natural resources development and waste processing, their conformity with industrial enterprises requests;
- 3) Studying the practice of employment the newest methods and procedures of management fragile ecosystems and disturbed territories rehabilitation;
- 4) Discussion the role of the economics natural resources potential in the regional development.

Conference topics:

- Environmental problems and means of their solution during mineral resources mining;
- Assessment of environmental risks;
- Complex processing of mineral raw materials;
- An integrated approach to the development and rehabilitation of northern territories;
- Disturbed lands reclamation and phyto-remediation;
- GIS technologies and eco-modeling;
- Geo-economic problems of the regions

Working time-limit:

The 1st of October, 2013

10⁰⁰ The start of the exhibition work
11⁰⁰-12⁰⁰ Opening the Forum
12⁰⁰-13⁰⁰ Plenary meeting
13⁰⁰-14⁰⁰ *Dinner break*
14⁰⁰-18⁰⁰ Opening the conference
Plenary meeting

The 2nd of October, 2013

10⁰⁰-13⁰⁰ The conference meeting
13⁰⁰-14⁰⁰ *Dinner break*
15⁰⁰-17⁰⁰ Public sitting of the Committee on nature management and ecology of the Sverdlovsk regional industrialists and businessmen union "Science-to production. Consolidation efforts for providing ecologic safety".
17⁰⁰ The conference summing up.

The 3rd of October, 2013

14⁰⁰ Closing of the Forum

Venue:

International Exhibition Centre
"Ekaterinburg-Expo"
620060, Russia, Ekaterinburg,
Expo Boulevard, 2
